Experience

Web Developer | Kota Bear Woodworks | Dallas, Tx (2022 - Present)

Kota Bear Woodworks is a small business that builds custom wooden art pieces.
- Maintain/update code as daily, weekly, as needed.
- This application is built using the MERN stack.

Zoologist | Dallas Zoo | Dallas, Tx (2018 - Present)

Converted a temporary zoologist position into a permanent position in the bird exhibit at the Dallas Zoo, home to over 400+ types of species and known for its conservation efforts
- Give educational chats to the public typically ranging from 5-30 people.
- Successfully trained animals' new behaviors.
- Daily animal husbandry and care for an average of 25-30 animals.
- Daily maintenance on roughly 10 habitats.
- Animal welfare management.

Founder/Owner/Web Developer | Perilous Outdoors Co. | Austin, Tx (Jan 2017 - Present)

Founder, owner and full stack web developer for Perilous Outdoors Co. (POCO), a company focused on inventing and innovating gear to make the outdoors more convenient and accessible. The development of a rain jacket/pack cover combination inspired the inception of POCo.
- Currently building out the website to migrate away from our SquareSpace site. This will utilize a MERN stack.
- Records and edits video footage for the company YouTube channel, resulting in an average of 580 views.
- Designed a patented rain jacket and managed the production.
- Successfully obtained a US patent for design within 3 years.
- Merchandised 20+ items with social media plans, product photoshoots, and developing packaging designs.

Sales Specialist | Lowe's Home Improvement | College Station, Tx (Feb 2017 - Oct 2017)

As a sales specialist in the tools department at Lowe's, I educated myself about the products available to better serve customers with a versatile set of needs
- Received employee of the month award for excelling in assisting customers, other associates, maintain cleanliness/tidiness in the department, etc.
- Frequently requested by management to fill in for other departments due to knowledge/familiarity of other sections when additional resources were needed.
- Regularly worked overtime when presented with the opportunity to help alleviate the team during busy seasons.

Internship | Perilous Printing | Austin, Tx (Apr 2016 - May 2016)

Obtained this internship to gain experience with small business operations.
- Managed fulfillment process consisting of inventory selection, production, and shipping logistics.
- Worked in concert with the owner in preparation for small business networking events (i.e. business card orders, flyers, and discussion topics).
- Collaborated on the product, price, and promotion opportunities based on the target audience.
